

~~CONFIDENTIAL~~*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Advisor for Management

DATE: 8 August 1951

FROM : Comptroller

25X1

SUBJECT: Request of General Counsel for an Increase in [REDACTED]

25X1

1. Your Office forwarded an advance copy of a proposed new [REDACTED] of General Counsel which calls for an increase [REDACTED]

2. A review of this copy of the proposed T/O indicates that there may be a reorganization in process which will establish 3 separate units under the General Counsel: Legislative Counsel, Assistant General Counsel (General), and Assistant General Counsel (Special). If this is the case it will be appreciated if you will furnish this office with a statement of functions of the various units.

[REDACTED]

25X1

4. In recent conferences the ADD/A (General) has indicated that this increase along with increases in other administrative offices will be established on a temporary basis in an Administrative Training Pool against which the various administrative offices may recruit additional employees. It is my understanding that this arrangement is to exist until such time as those offices can be surveyed and permanent increases, if required, fully justified.
